Fixed monthly charges are the monthly charges for access and optional features, all as described in the Schedule of Rates and Charges in effect at the time of the event which produced such damage.

4.2.2 Such credit allowance will be based upon the period of time during which the Service or its transmission was subjected to interruption or irregularity. Any such period of time during which

an interruption or irregularity occurs will be measured from the time it is reported to the Provider. In the event Customer is affected by such interruption or irregularity for a period of less than twenty-four (24) hours, no such adjustment shall be made. A fraction of a day consisting of less than twelve (12) hours will not be credited, but a period of twelve (12) hours or more will be considered an additional day.

4.2.3 The credit allowance will be computed by dividing the length of the Service interruption or irregularity by a standard thirty (30) day month and then multiplying the result by the Provider's fixed monthly charges for each interrupted account number. In no case will the credit exceed the fixed monthly charges.

4.2.4 A credit allowance will not be given for mistakes, omissions, interruptions, delays, errors or defects, or curtailments in the Service caused by the negligence or willful acts of Customer or any third party, or mistakes, omissions, interruptions, delays, errors or defects caused by the failure of equipment or services not provided by the Provider.

4.3 Provider in no event shall be liable for service or equipment interruptions or delays in transmissions, errors or defects in service or equipment when caused by acts of God, fire, war, riots, government authorities, default of supplier, or other causes beyond Provider's or any underlying communication carriers' control.

4.4 Customer acknowledges that Internet systems use public access facilities to transmit voice and data communications and that the Service may not be completely private. Provider shall not be liable to any customer for any claim, loss, damage or costs which may result from invasion upon the Customer's privacy in using the System.

Provider shall exercise the above-described rights in their sole and unfettered discretion.

The Wireless Internet system was not intended for server use such as hosting large web pages, hosting download pages, providing streaming media or hosting game servers. Mid-States at its sole discretion may limit a customer's ability to house a server on the Wireless Network
